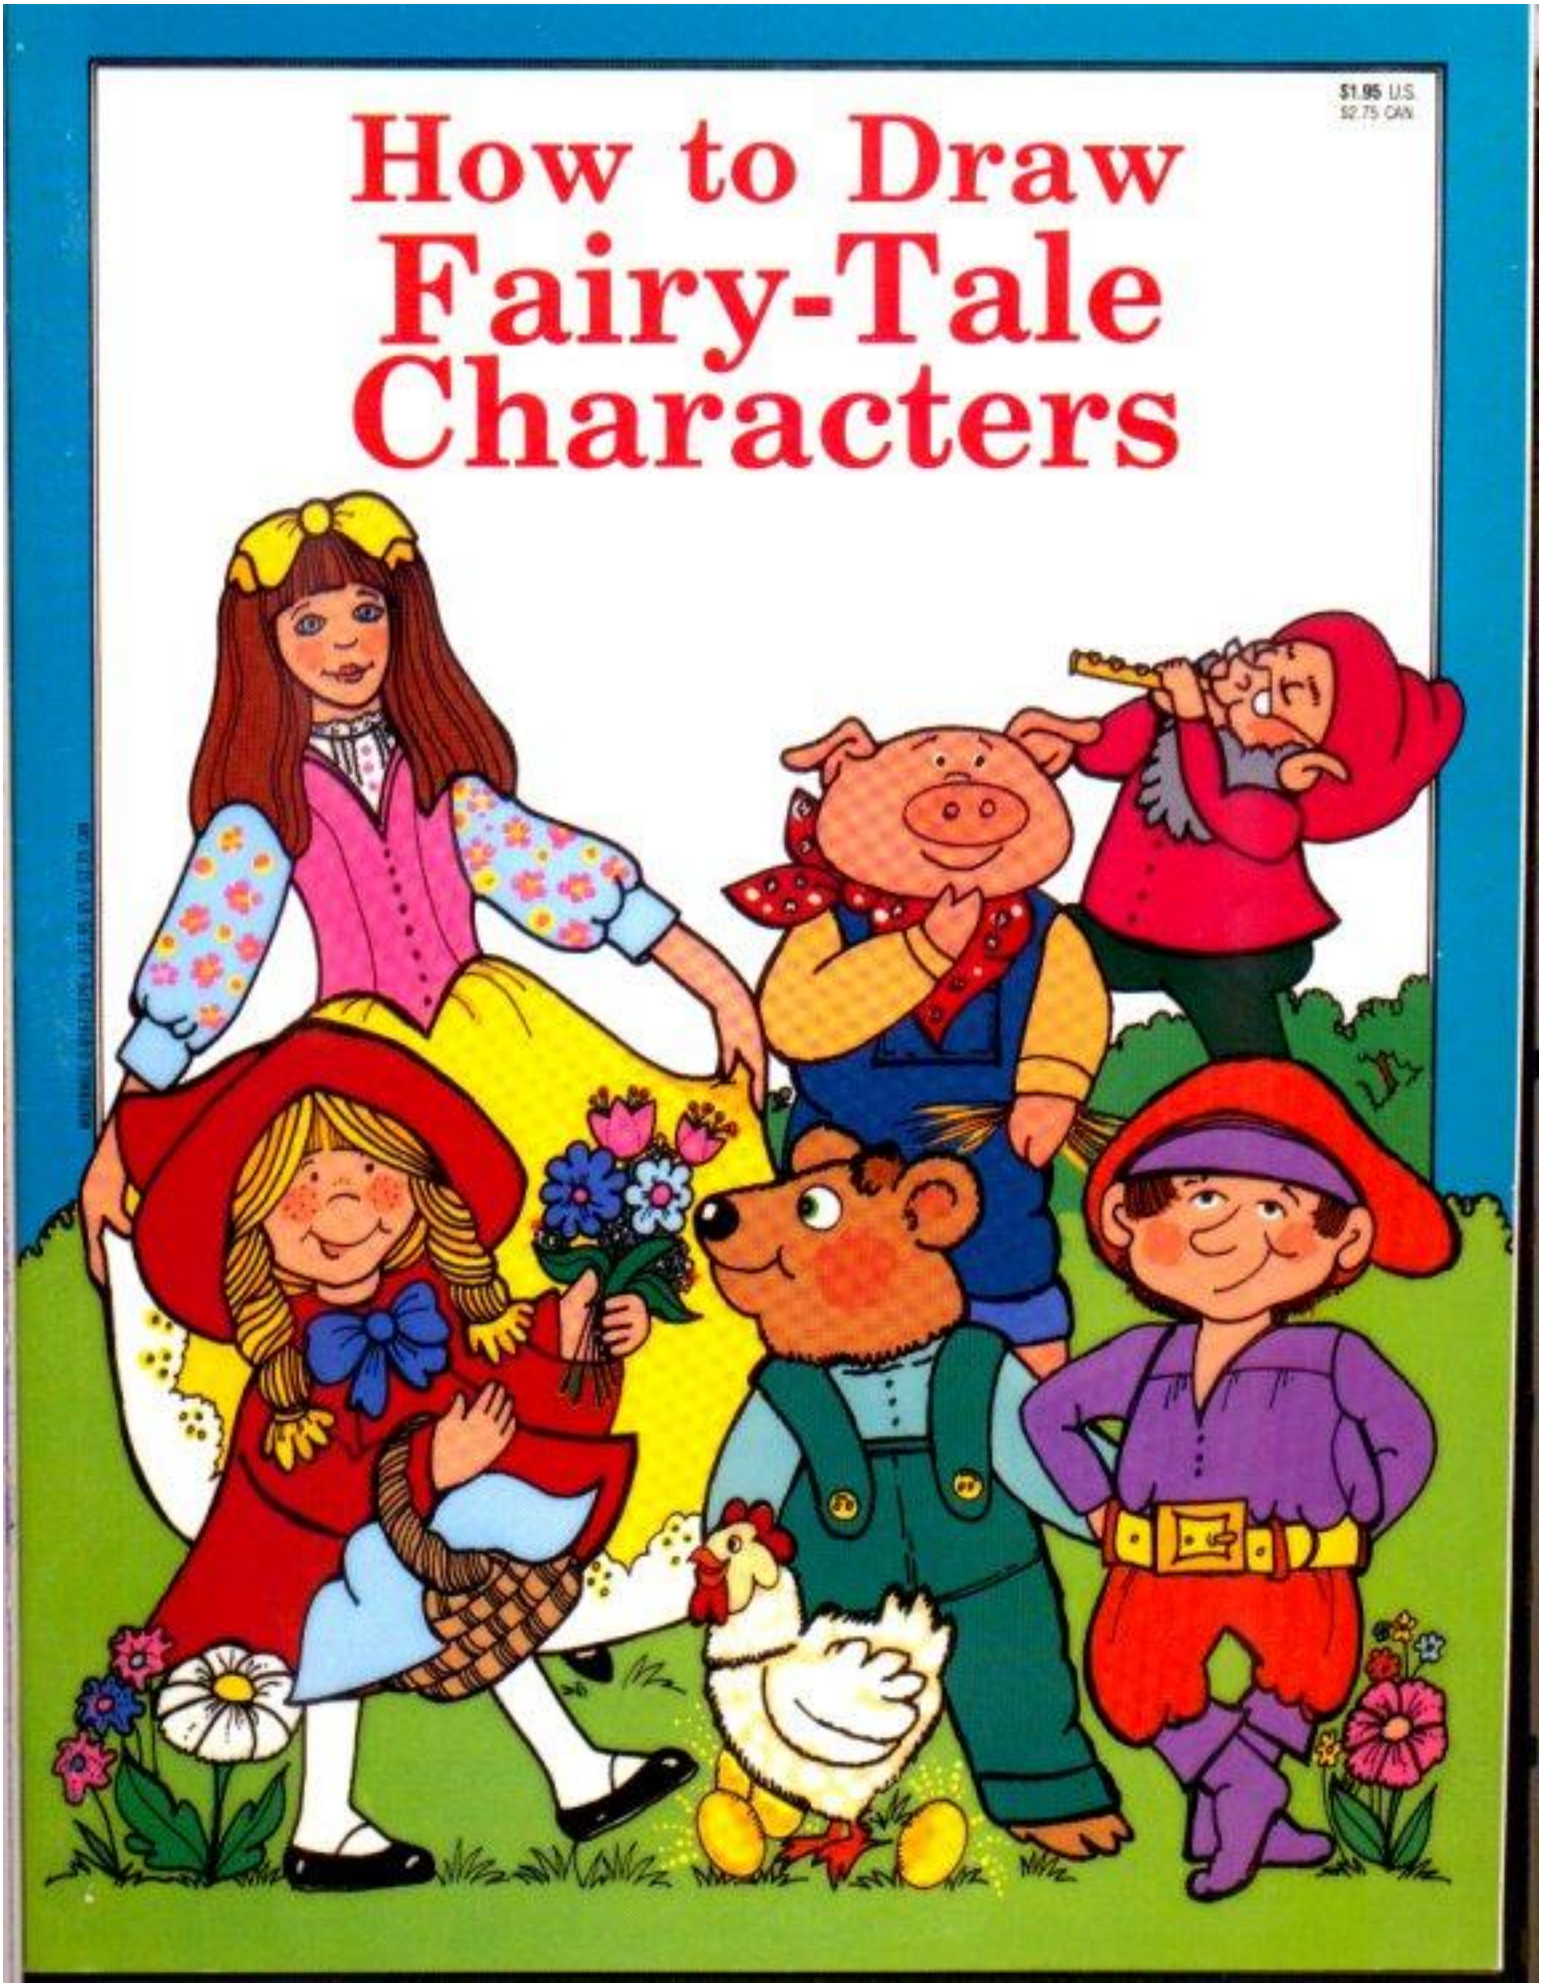
How to Draw Fairy-Tale Characters



PDF created with pdfFactory Pro trial version www.pdffactory.com

Introduction

It's fun to draw the characters from your favorite fairy tales. This book will show you how in 4 or 5 easy steps.

Step 1 gives the position of each character in the form of a stick figure. Step 2 uses simple shapes to show the character. Draw or trace these shapes in pencil to start your picture. Later, you can go back and erase the lines you don't need. Steps 3, 4, and 5 add more details to make your fairy-tale character complete.

You will need the following materials:

- *Number 2 Pencils
- *Felt-Tip Pens
- *Eraser
- *Colored Markers or Crayons
- *Tracing Paper
- *Drawing Pad

Don't be afraid to try your own ideas to make your drawings look the way *you* want them to. The most important thing to remember is to be creative and have fun. Now you're ready to draw your favorite fairy-tale characters!
